ABOUT US

Surya CLS Pvt Ltd (formerly known as Surya Enterprise). Established in 2006 by **Mr. Narendra Rao (Director)**, the company was later joined by **Mr. Dharmesh Rao (Director)** in 2010. Since then, we have become a prominent player in the manufacturing and supply of replacement spare parts in both the local and international markets.

Our manufactured spare parts are widely used as replacements in **Circular looms, Cheese winders, Extrusion Lines, and Stitching Machines**. We offer a comprehensive range of spare parts that are compatible with Indian, Austrian, Chinese, and Taiwanese machines.

With over 25 years of experience in manufacturing spare parts for the woven sack industry, Mr. Narendra Rao leads our production team. On the other hand, Mr. Dharmesh Rao brings more than 12 years of marketing experience in the same industry. Our company started with a turnover of \$50,000 in 2006 and successfully achieved a turnover of \$1,950,000 in 2022. This remarkable growth is attributed to our dedicated team of professionals in production, back office, and marketing.

Our organization is backed by advanced infrastructure facilities, which form a solid foundation for our operations. Our production unit is equipped with state-of-the-art machinery, including CNC Machines, P.U. Casting Machines, Plastic Moulding Machines, Trobe Machines, Lathe Machines, and Laser Machines. To ensure the highest quality, we have implemented a stringent quality checking system at every step of the production process, utilizing machinery such as bearing size checking machines, PU roller bonding checking machines, and size accuracy checking machines before storing the parts in our department. We use high-grade raw materials, including Polyurethane Material from Boule-France and Coim-Italy, Aluminum from Hindalco (India's best brand), and Steel from TATA with the required grade for our spare parts.

QUALITY ASSURANCE

Quality assurance is of utmost importance to us. Our dedicated quality control team monitors every stage of the production process to rectify and eliminate any drawbacks in our spare parts. We strictly adhere to international quality standards, ensuring that our clients receive products of exceptional quality.

CLIENT SATISFACTION

Client satisfaction is our top priority, as it builds trust and credibility for our organization. We prioritize quality and timely delivery to provide the highest level of satisfaction to our esteemed clients. Moreover, we strive to maintain long-term relationships with our valued clients, who are spread across the world.
